The University of Arizona is the state's flagship university and among the nation's charter Research I institutions. Students here have unparalleled opportunities to join in the process of discovery and creativity, and prepare for an increasingly diverse and technological world at a cost well below most other colleges and universities in the United States. Located in Tucson, The University of Arizona enrolls 37,000 students and offers a wide range of extracurricular sports, arts, theater, and clubs.

Programs open to WUE students:
College of Engineering: B.S. in Mining Engineering
B.S. in Geological Engineering

Admissions criteria:

1. The applicant must be a resident of a qualifying state
2. WUE students must clearly mark on their application that they seek admission as a WUE student
3. WUE applicants for freshman status must meet the admissions requirements of the university and the College of Engineering
4. Applicants must submit test scores, a complete application, official high school transcript, and an application fee
5. See the UA website for complete admissions requirements and process http://admissions.arizona.edu/requirements.html
6. WUE applicants for transfer status must have at least a 2.5 cumulative GPA to be considered. Actual admission will be based upon the overall qualifications of the non-resident applicant pool. Applicants must meet the admissions requirements of the university and the College of Engineering.
7. See the UA website for transfer admissions information http://admissions.arizona.edu/cts/index.html

Continuation standards:

1. Students must maintain a cumulative GPA of 2.25 and be a full-time (12 hours or more per semester) student.
2. Students may not change their state of residency while in the program.
3. A WUE student will lose WUE eligibility if the degree program is changed to a major that is not on the WUE program list.
4. WUE status is available for four years, or until completion of the degree program, whichever comes first.
